Video

## INFORMATION

The all new Genisis wallsaw has now arrived and can be seen at our works. The machine has been specially constructed to offer a combined specification and compact size to offer increased cutting capacity to those with a limited space. Key features are:

- Cutting capacity 3100 x 2100mm
- Digital readouts to both horizontal and vertical cuts
- High speed scoring saw
- Moving back panel
- Mid rail support
- 50mm cutting depth
- 3Kw (4Hp) motor

Why not come and see this machine for yourselves and maybe even take advantage of the special promotional price.

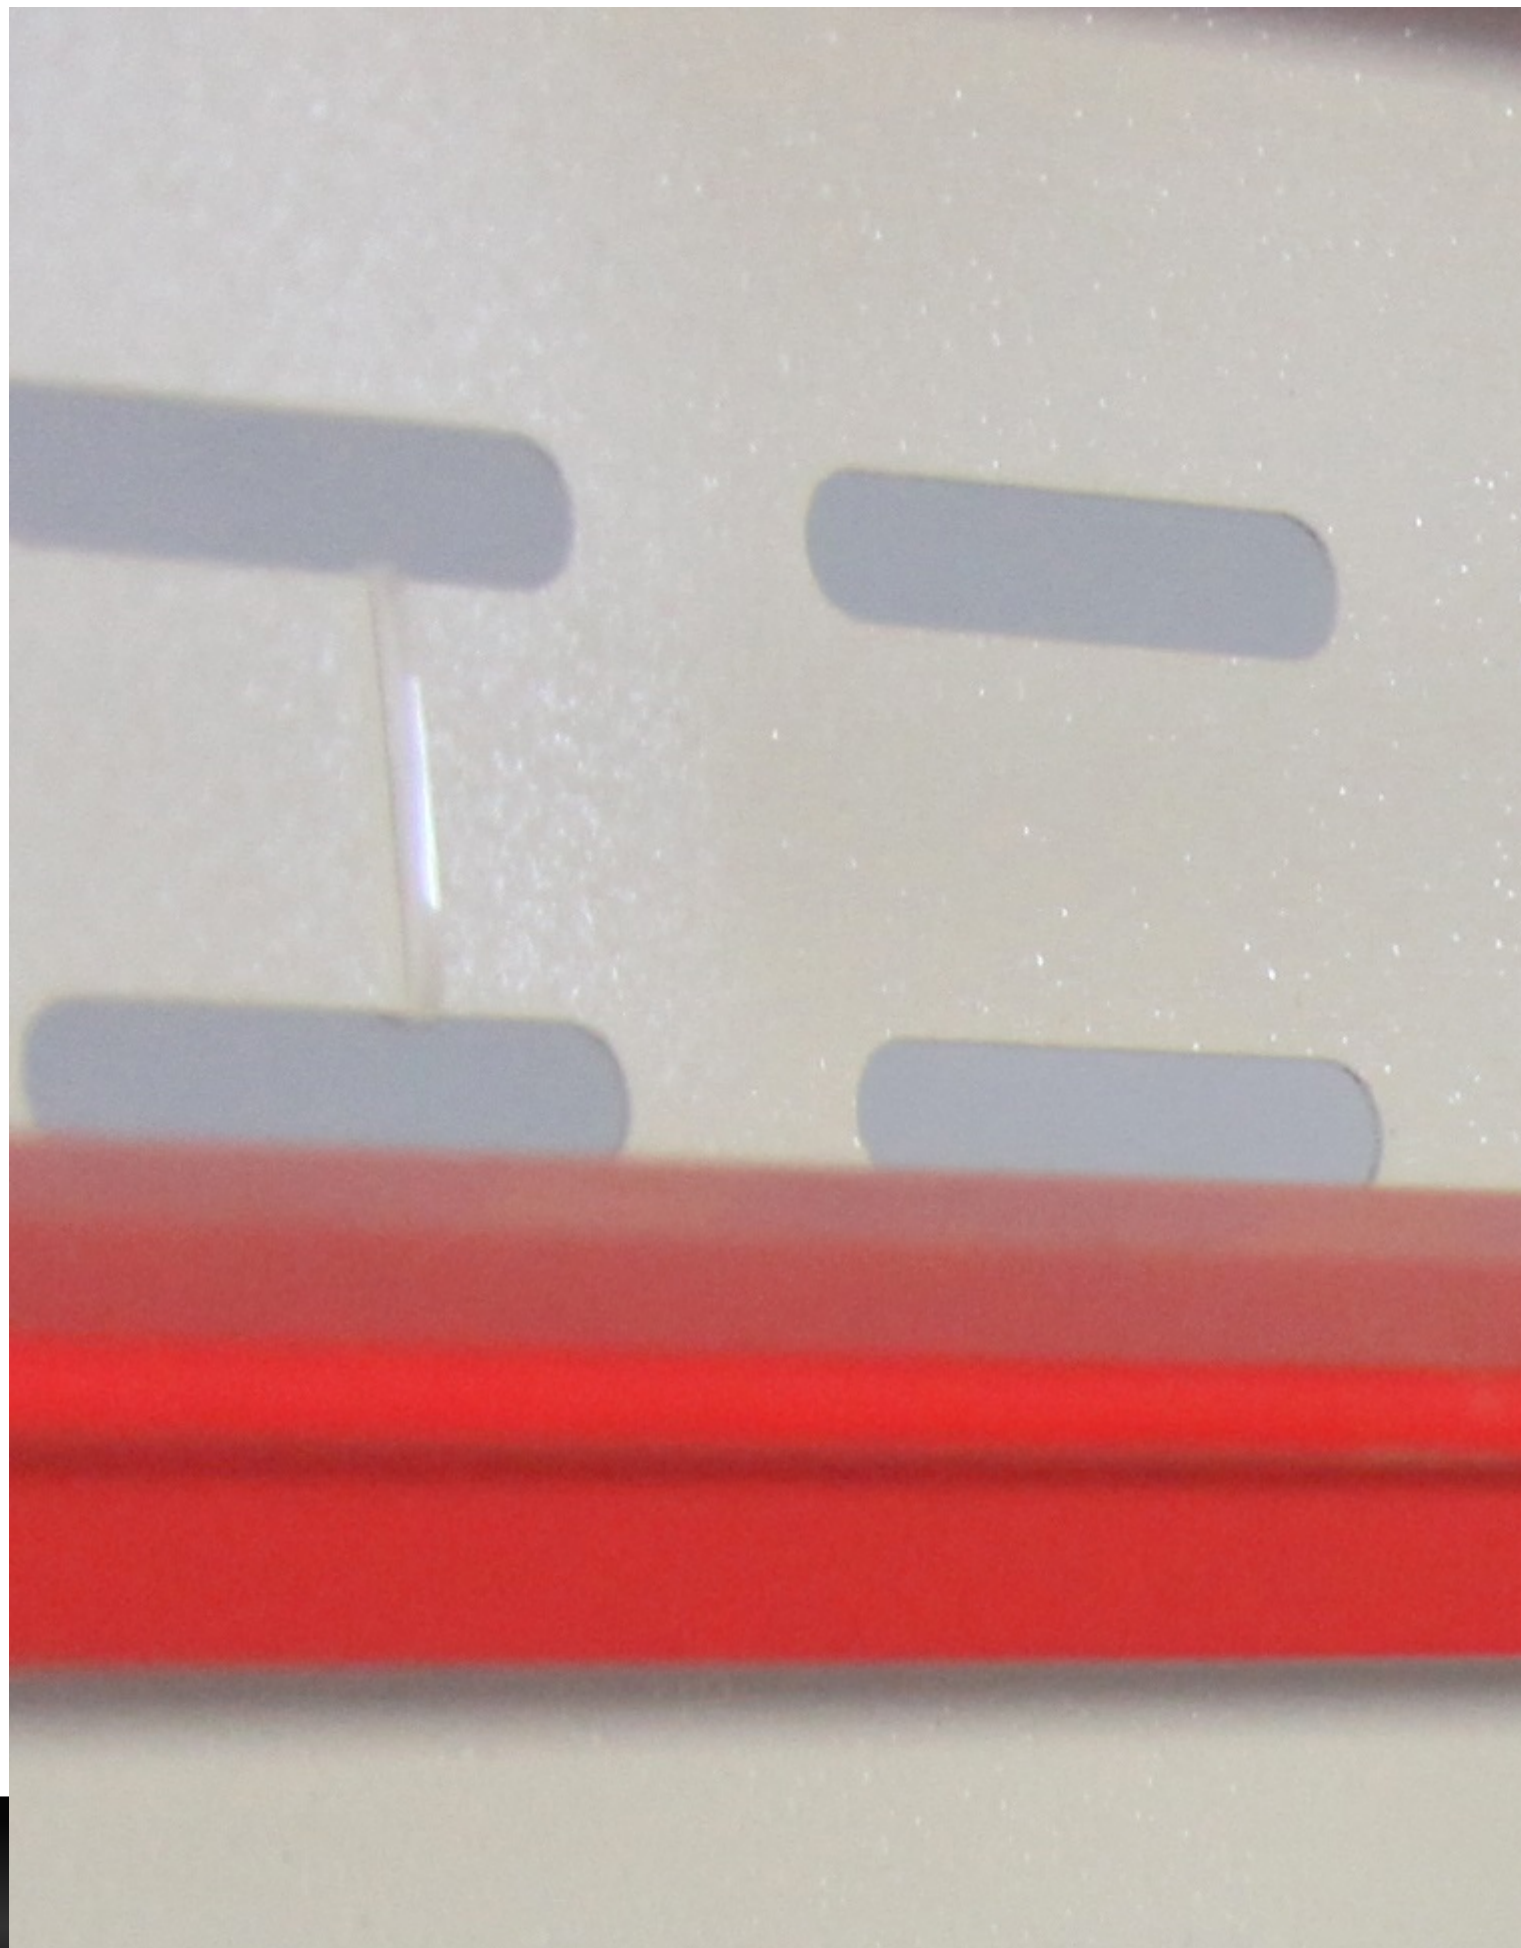

Machine normally £9,995 + vat ex works.....now only £8,995 + vat ex works. Delivery and commissioning available at additional cost.

£8,995 exc. VAT
